

DONALD FRANKS

INTERNATIONAL VICE PRESIDENT

2017 - 2018

HELLO!

Welcome to San Antonio, Texas, home of the Spurs and the Alamo, and the host city for the 62nd Annual Circle K International Convention and CKIx17. Throughout my experiences in my college career, this organization by far has had the greatest impact upon both myself as a student-leader, and also on the communities in which I serve. Circle K International is unique in that it can bridge people across cities, states, countries and oceans—and despite the distance, we can all gather together in the celebration of incredible service, leadership, and fellowship. This organization has been a family and a home for the past three years, and with my experiences and opportunities to grow as a leader, I want to bring CKI to even greater heights as your next International Vice President.
